Description

Alchemy® was set up in 2012 with the aim to provide a service focused on natural products.

The Company works in the nutraceutical field, it operates with **scientific evidence based formulations, high quality botanical active ingredients, advanced quality control systems.**

The philosophy of Alchemy® is based on the new concept of **Bio-Pharmaceutical-Nutraceutical application of plants.**

The use of **standardized raw materials of pharmaceutical grade** grants efficient and safe products, with a constant chemical profile.

Alchemy® has developed a sound scientific and technological development, particularly thanks to its constant **collaboration with the Laboratory of Biopharmaceutical-Nutraceutical Research**, within the Department of Pharmacy and Biotechnology of the **University of Bologna.**

Scientific studies about the ingredients of the marketed nutraceutical supplements not only guarantee an **excellent efficacy and safety profile**, but they also ensure an **optimum compliance**, thus confirming the scientific rationale for the clinical uses of the products.
