Description

We design and produce creative and funny kids accessories from 0 to 5 years. We are famous for our bibs and rompers but also for bath towels, blankets, dummy chains, etc.

Zigozago is one of the new names in the world of kids' apparel and is specialized exclusively in children accessories. For children from 0 to 5 years **Zigozago** offers a wide range of highly original products, all truly unique in design and made with the greatest care.

Central to all the **Zigozago** designs, be it the hats, scarves, bibs, carpets or sheets, is that every single item is created in Italy, with great love and attention and with the aim to make children smile.

All objects are highly practical and made with first class materials but what really makes them stand out is their design. Simple, useful and playful ▯ *Simply beautiful!!*
